

# La Despensa del Jabón

Materias primas para jabón y cosmética artesanal

## FICHA TÉCNICA / DATA SHEET

### **BTMS**

**Description:** BTMS Conditioning emulsifier. This easy-to-use conditioning emulsifier is perfect for both hair and skin applications.

**INCI Name:** Behentrimonium Methosulfate (and) Cetearyl Alcohol

**Use:** Recommended usage rate: Up to 10%

**Properties:** It is excellent in hair-care products where de-tangling and conditioning properties are desired. In creams and lotions, BTMS imparts a silky, powdery feel on the skin.

**Applications:** Hair Care products, Creams & Lotions
